

These numbers can be changed with the amount of angle on the elbow.  
We set them around 75 degrees

| Soffit Width | Double Elbow 6 bend | Brick Ledge 3 bend |
|--------------|---------------------|--------------------|
| 2"           | 14"                 | 12"                |
| 3"           | 15"                 | 13"                |
| 4"           | 16"                 | 14"                |
| 5"           | 17"                 | 15"                |
